

Make Amplifier an asset in your marketing with competitive ad rates

Amplifier is American Municipal Power’s flagship publication. This four-color magazine is distributed to elected and appointed decision makers in AMP member communities, as well as to AMP consultants, vendors and officials of public power entities across the nation.

American Municipal Power, Inc. (AMP) is the nonprofit wholesale power supplier and services provider for 135 members, including 134 member municipal electric systems in Ohio, Pennsylvania, Michigan, Virginia, Kentucky, West Virginia, Indiana and Maryland; as well as the Delaware Municipal Electric Corporation, a joint action agency with nine members headquartered in Smyrna, Delaware. Combined, these member utilities serve more than 650,000 customers.

Amplifier advances the interests of AMP and its member communities by providing positive technical and human interest content covering a broad spectrum of industry topics. It helps keep its readers—including mayors, city managers, village administrators and utility superintendents—current on important industry trends.

One issue each year features AMP’s Annual Services Guide. About twice the page count of the other issues, the popular guide is referred to throughout the year by member community officials and AMP staff members.

As member municipalities continue to add new technologies to their array of services, the opportunity grows for advertisers to address a broad range of utility needs. Make *Amplifier* a key contributor to your marketing efforts.

Mechanical Specifications

Options

Pantone® colors: Add \$200 for each color.

Inserts: Will quote on request.

The rates quoted above are net; there is no provision for an agency discount. Agency fees should be added to the above rates if a gross rate is necessary.

Materials

Art should be camera ready and all supplied halftones shot with a 130-line screen. All supplied negatives should be right reading, emulsion side down. We can accept electronic media in most formats, with TIFF, EPS and PDF files preferred. Ads, if not reversed or designed to stand alone, should be edged with a border.

Production

AMP offers assistance in preparing or altering ads. Typesetting, illustrations, copy writing and layout services are available and will be charged to the advertiser at AMP's cost.

Proofs

Proof corrections will be charged when they are the responsibility of the advertiser or its agency.

Billing

AMP invoices for advertising and related costs. Billing for Amplifier advertising is net 30 days, payable directly to AMP, Inc.

Acceptance

AMP reserves the right to reject any advertising or to require that the word "Advertisement" appear in any ad. The publication shall further be held harmless from any loss or expense resulting from claims or lawsuits for any reason.
